PROFESSIONAL SUMMARY

Creative and content professional with experience across journalism and digital content. Skilled in translating briefs into compelling creative concepts and decks, with a strong foundation in audience research, trend analysis, and cross-platform content strategy. Experienced collaborating with cross-functional teams to produce content and creative materials that support brand awareness and business objectives.

WORK EXPERIENCE

Lativi Mediakarya (tvOne), One Media Digital

Sep 2024 – May 2026

Content Writer

- Produced 5–8 daily news video scripts for the tvOnenews YouTube channel, covering politics, viral issues, and international affairs, with content consistently reaching 5,000+ views
- Researched trending topics and current issues daily to keep content aligned with audience interest and platform performance
- Optimized content for SEO and wrote titles and scripts designed to maximize engagement and discoverability
- Collaborated with the production team to align visual assets and narrative with audience expectations across digital platforms

Kompas Gramedia (GridNetwork), GridHealth

Oct 2021 – Jun 2024

Reporter

- Produced up to 9–10 articles daily on health, parenting, and family topics, consistently identifying and developing trending, audience-relevant angles
- Conducted research, interviews, and field reporting with credible sources, including government health institutions, to support content development
- Managed content publishing through CMS platforms and applied SEO strategies to grow reach and visibility

Winratama Perkasa, WinNews

Aug 2019 – Sep 2021

Content Writer

- Created and published Instagram content and articles focused on lifestyle and entertainment topics, managing day-to-day content across digital and social platforms
- Designed and developed multi-slide Instagram carousels (e.g. freelance opportunities, educational lifestyle content) aimed at Millennial and Gen Z audiences, using Canva for visual design
- Planned content calendars and topics based on audience interest and platform trends to drive engagement
- Managed content publishing via CMS with SEO tagging optimization, and conducted interviews and field reporting to source engaging stories
