Public Relations Intern

- Executed daily large-scale B2B outreach to over 100+ prospective partners across the Finance, Logistics, Media, and Automotive sectors via LinkedIn to secure non-commercial collaborations.
- Assisted in drafting and refining 10+ press releases and communication materials, ensuring alignment with corporate messaging and brand guidelines.
- Orchestrated content partnerships for both existing and new brands to enhance visibility across ACC ONE and Setir Kanan social media platforms (YouTube, TikTok, Instagram).
- Conducted policy and tone reviews for 20+ content assets across #Cerdas, #Berkelas, and #SepertiBaru campaigns to ensure brand consistency and compliance.
- Acted as the central coordinator between internal Finance, Legal, and Digital Expansion teams to manage brand partnerships from initial pitch to final execution.
- Strengthened relationships with existing partner companies by executing targeted newsletter broadcast campaigns via WhatsApp and Email to maintain consistent brand engagement.
- Managed end-to-end brand activation projects for 3 major automotive brands (Geely, Jaecoo, and VinFast), coordinating cross-functional teams to execute social media campaigns and partnership initiatives.

HashMicro – Jakarta

Sep 2024 – Feb 2025

SEO Specialist Intern

- Conducted comprehensive keyword research and localized search-intent analysis across Indonesian, Filipino, and Singaporean markets, and implemented on-page and off-page optimizations across multiple industries and products, increasing Total Clicks by 15.54% and Total Impressions by 13.43%
- Performed technical SEO audits — broken links, 404 errors, redirects, page speed, and duplicate content — using Screaming Frog and Google Search Console to maintain site health across 200+ published articles
- Improved Average CTR by 7.14% by writing optimized meta titles and descriptions, boosting search visibility and organic traffic
- Developed 200+ SEO content briefs (target keyword, search intent, competitor benchmarking, heading structure, word count,

internal linking recommendations) in collaboration with the creative content team

- Managed internal linking strategy across published articles to strengthen topical authority and improve keyword rankings
- Conducted competitive analysis to identify keyword gaps and refine content and optimization strategy.
- Optimized landing pages for both conversion (CTA placement, intent-matching) and article pages for organic ranking growth
- Reviewed content against brand and SEO guidelines before publishing, aligning with content, social media, and growth marketing teams; reported progress in weekly syncs with supervisor.

ScaleUpUKM (Digital Marketing Agency) – Remote

Oct 2024 – Jan 2025

SEO Specialist Intern

- Owned end-to-end SEO content strategy for a urology/healthcare client's blog content planning, keyword research, copywriting, and producing 30+ content briefs and articles independently
- Grew Total Clicks from 725 to 931 (+28%) and Total Impressions from 69.7K to 95.4K (+37%) through on-page optimization and content quality improvements
- Ensured E-E-A-T compliance for YMYL (health) content by validating medical accuracy and sourcing credible references.
- Implemented on-page best practices for medical content, including FAQ schema markup and readability optimization.

Researcher and Development Intern

- Led a team of six interns in the SDG 14 (Life Below Water) division coordinating research and communication initiatives related to illegal fishing.
- Developed research-based articles and policy briefs to support public awareness and advocacy on marine conservation issues.
- Planned and created educational content strategies for WRI's Instagram, translating research findings into engaging public communication materials.
- Drafted the organization's first partnership agreement and supported negotiations that resulted in a formal collaboration with the Ministry of Marine Affairs and Fisheries.
- Coordinated internal communications across the project team to ensure timely delivery of publications materials.

Kili-Kili Turtle Conservation – Trenggalek

July 2023 – Sep 2023

Public Relations Intern

- Developed a community communication strategy after recognizing that digital outreach alone was ineffective for local audiences, leading to the implementation of the Climate Village Program (ProKlim) and Tukik Release Event to increase public participation in marine conservation.
- Planned the Climate Village Program (ProKlim) by preparing project proposals, activity plans, and budget estimates before securing partnerships with POKMASWAS, PLN, Universitas Brawijaya, the Trenggalek Regency Government, and Bendogolor Village Elementary School to support campaign implementation.
- Secured the participation of the Regent of Trenggalek as keynote speaker and judge for the Climate Village Program (ProKlim), strengthening campaign credibility and stakeholder engagement.
- Executed the Tukik Release Event with Bendogolor Village Elementary School through integrated online and offline communication initiatives, encouraging students to actively participate in sea turtle conservation rather than relying solely on classroom education.
- Facilitated communication among project teams, university representatives, government agencies, corporate partners, and local communities to ensure alignment throughout campaign planning and execution.
- Measured the effectiveness of the Climate Village Program (ProKlim) and Tukik Release Event by evaluating visitor attendance, participant satisfaction, stakeholder feedback, and community engagement to identify improvements for future communication initiatives.
