A graduate Communication Science at Brawijaya University who has interesting in Public Relations. I gained hands on experience in related fields as **Public Relations at Kantor Wilayah Kementerian Hukum Jawa Timur**, where my job description involved writing news articles related to the agency's activities. In addition, during my college years I interned at a local media **Malang Times Indonesia as a Journalist**. This experience honed my ability to write quickly, clearly, and accurately, excellent verbal and written communication skills, passionate about current events and social issues, and last but not least strong networking, interpersonal skills, and negotiation. Through this profile, I hope to make a professional contribution at PT.INTI INDONESIA MAKMUR.

EDUCATION

Communication Science, Brawijaya University

Aug 2021 - May 2025

GPA : 3.82 / 4.00

- Marketing communication as a study interest
- Completed the final project with conversion grade of A
- Graduated as one of the eligible students who successfully passed the SNMPTN.

INFORMAL STUDY

Digital Marketing, UPT BLK Surabaya

Oct - Nov 2025

- Created my own business project using the BMC method, starting from determining the Buyer Persona, HPP, and Marketing Strategy (STP and 4P) to be used.
- Applied research techniques for my brand by conducting product knowledge research, keyword research using Google Trends and Ubersuggest tools, and competitor research on Instagram, websites, and marketplace (Shopee).
- Developed social media strategies by creating content calendars and content plans through several types of content (Single Post, Carousel, and Reels) for Instagram.
- Developed social media strategies by creating content calendars and content plans in the form of short videos for TikTok, as well as identifying content that works through account retention.
- Learned copywriting techniques using the AIDA and PAS formulas to apply when creating content captions on Instagram and TikTok.
- Runned paid ads on Meta Ads and Marketplace (Shopee) to determine the winning campaign and find out what content works in the brand's target market.
- Analyzed the content algorithm, so that if it declines, it will be evaluated in terms of hooks, visuals, copywriting, and conduct content testing for several days/weeks.
