Corporate Communication | Public Relations | Internal & External Communication

SUMMARY

A Bachelor of Communication Science from Universitas Negeri Jakarta (GPA 3.65/4.00), certified as a Junior Public Relations Officer by BNSP. Possesses profesional experience in corporate communications and public relations as an intern at MSIG Life Insurance Indonesia and BMKG, as well as organizational involvement. Demonstrates strong capabilities in content development for internal & external communication materials, media monitoring, social media management, digital content communication, media relations, and CSR & event support. Committed to contributing effective communication and writing skills to support strategic public relations and corporate communication initiatives.

EXPERIENCE

PT MSIG Life Insurance Indonesia Tbk

Corporate Communication Intern | February 2026 – Present

- Managed and developed internal and external communication content for employees and customers
- Supported internal communication campaigns through visual and editorial materials
- Maintained and updated the company's intranet using SharePoint, including content publishing and page setup
- Supported the preparation of newsletter by assisting in content arrangement, copywriting, and visual design to ensure clear and consistent communication.
- Designed and developed 20+ visual communication materials such as posters, infographics, and newsletters by Canva
- Wrote and published 10+ communication materials including articles, company news, and announcements
- Ensured all materials aligned with company branding and visual identity guidelines
- Organized and simplified company information into clear and easy-to-understand content
- Transformed data and information into engaging visual and written communication materials
- Assisted in the execution of CSR program including program preparation, volunteer coordination, and event implementation.

Achievements:

- Successfully managed the end-to-end development and soft launch of MSIG Life Hub, a Microsoft SharePoint-based corporate intranet that centralized internal communication and employee resources
- Contributed to improving clarity of internal communication through structured and consistent content
- Supported employee engagement through more accessible and visually engaging communication materials

Indonesian Agency for Meteorology, Climatology, and Geophysics (BMKG)

Public Relations Intern | July 2022 – September 2022

- Monitored and compiled media coverage related to BMKG into reports
- Supported media handling and coordination for internal and external activities
- Assisted media relations, including media visits and communication
- Drafted press releases, articles, narrations, and news tickers
- Supported event planning and execution with creative input
- Maintained and updated media contact databases
- Created social media content aligned with trends while maintaining institutional image
- Produced and edited 4 video contents for social media platforms
- Published 40+ informative posts across X and Instagram (5+ posts weekly)

- Delivered daily content including weather updates, air quality reports, and environmental alerts

Achievements:

- Produced high-performing social media content with 2 TikTok videos reaching 635.8K and 296.6K views
