A highly motivated and detail-oriented communication graduate with solid experience in corporate communication, corporate strategic support. Through hands-on experience, I contributed to media handling, stakeholder engagement, and both internal and external communications. I am able to adapt in any working environment, collaborate effectively and build connections. I am eager to pursue new opportunities, enhance my experience, and embark on a new journey!

Experiences

Kementerian Lingkungan Hidup / BPLH - Jakarta, Indonesia

May 2026 - Sekarang

Regional Associate

- Supported nationwide coordination with provincial and local governments across Indonesia to accelerate regional waste management performance and the achievement of national environmental targets.
- Analyzed waste management performance across 12 municipalities/regencies by identifying operational gaps, assessing regional readiness, and delivering data-driven recommendations tailored to local conditions.
- Developed the grand design and regional readiness framework for the National Waste Sorting Declaration (Deklarasi KK Pilah Sampah Nasional) by mapping the preparedness of key waste management infrastructure — including Waste-to-Energy Plants (PSEL), Integrated Waste Processing Facilities (TPST), Final Disposal Sites (TPA), and community waste banks — as well as evaluating policy implementation, institutional capacity, and community participation to support nationwide program deployment.
- Facilitated cross-sector collaboration with government institutions and regional stakeholders to strengthen waste governance, optimize operational planning, and support the preparation of regional waste management facilities for sustainable program implementation.

Kementerian Lingkungan Hidup / BPLH - Jakarta, Indonesia

Feb 2026 - May 2026

Communication, Information and Education Staff - Waste Crisis Center

Waste Crisis Center (WCC) is a specialized unit under KLH / BPLH that coordinates national responses to waste-related crises and supports the acceleration of waste management governance across Indonesia.

- Contributed to strategic Communication, Information, and Education (KIE) initiatives to enhance public literacy and promote behavioral change in waste management.
- Developed structured key messages, educational materials, and stakeholder communication briefs to support crisis response and policy outreach.
- Transformed environmental and regulatory data into accessible KIE products, including articles, infographics, toolkits, and short-form educational videos.
- Facilitated coordination with regency governments to strengthen local KIE capacity and support effective waste management implementation.
- Supported Indonesia's 100% waste management coverage target by 2029 through sustained public education campaigns and multi-stakeholder engagement initiatives.

Pertamina New and Renewable Energy - Jakarta, Indonesia

Nov 2024 - Nov 2025

Corporate Secretary - Corporate Communication and Stakeholder Management

Pertamina's subholding that focuses on developing new and renewable energy (NRE).

- Contributed to Pertamina NRE's strategic communication efforts in advancing renewable energy awareness through press releases, internal campaigns, and digital content.
- Responsible for preparing monthly reports of the Corporate Secretary function and conducting daily media monitoring to track news sentiment and brand exposure.
- Executed media pull-through and reconciliation efforts by analyzing coverage trends to address potential communication crises and ensure message alignment.
- Involved in corporate protocol activities, ensuring proper procedures and formalities for the Board of Directors (BOD) and senior executives (BOD-1) events and engagements.
- Created visual content such as infographics and internal communication materials to enhance brand consistency.
- Produced and edited short-form videos for the company's social media channels to support digital communication strategies.
- Documented corporate activities through photo and video coverage, ensuring proper archiving for internal/external reporting and news release.
